Tekno Yangın

Fire and Ventilation Systems

Fire protection since 1995

teknoyangin.com · info@teknoyangin.com.tr · +90 216 327 85 05

About us

Tekno Fire and Ventilation Systems has provided fire protection services since 1995: consultancy, design and engineering, material supply, installation, service and maintenance. We serve contractors, subcontractors and end users and work under ISO 9001:2015 and ISO 45001:2018.

In Turkey we design to the Turkish Fire Regulation. Abroad we follow NFPA, EN, VdS, LPCB and SNIP norms and the standards of international insurers.

Services and product areas

- Advanced Indirect / In-Cabinet Fire Suppression
- Aircraft Hangar Fire Protection and Fire Extinguishing Systems
- AutoSPRINK
- Containerized Fire Pump Stations
- Fire Detection and Alarm Systems
- Fire Doors
- Fire Hydrants
- Fire Pump Controllers
- Fire Pumps
- FM Approved Seismic Pipe Hangers for Fire Sprinkler Systems
- Foam Extinguishing Systems
- Gas Extinguishing Systems
- Grooved Fittings and Couplings
- Kitchen Fire Suppression Systems
- NRS Gate Valves (Non-Rising Stem)
- OS&Y Gate Valves
- Passive Protection Systems
- PI Valves (Post Indicator)
- Roadway Box
- Seismic Sway Bracing
- Fire Simulation
- Smoke and Heat Exhaust Ventilation Systems (SHEVS)
- Special Extinguishing Systems
- ITM Inspection, Testing and Maintenance
- Virtual Realistic Projects
- Water Extinguishing Systems
- Water Mist Extinguishing Systems

Brands we represent

- Lede
- Lede Valves
- Volon
- Cla-Val
- YS Valves
- Tyco-Fire
- Aquestia
- Dorot
- OCV Valve
- Reliable Sprinkler
- Surex Foam
- F+W
- C.S.I. S.r.l.
- Teknofire
- FireVu
- Agni Controls
- Shenzhen HTI Sanjiang Electronics
- Global Vision (GVI)
- Puhui
- Mercor
- Tria
- Tornatech
- Pumpsense
- System Sensor
- Potter
- Asturmadi Doors

The brands we represent hold international UL, FM, CE, LPCB and VdS approvals. Product listings and approvals differ by region and model; please contact us to confirm the right product for your project.
